I am Tuna, a data analyst, and MIS student at Bogazici University. I use Python and SQL to analyze and visualize data. Data is my passion and I really love working with data and charts. I am, also, one of the founders of BUchain.

PROFESSIONAL EXPERIENCE

JOTFORM
Data Analysis Intern, June 2022 – Present

- Working on a project on the Growth Intelligence Team. This project is about creating a retention dashboard and it contains a cohort chart and lots of customization options such as grouping and filtering.
- Developing a function with lots of parameters which help to freely customize the cohort.
- Implementing the Python function to MySQL queries and creating tables.
- Using Python, MySQL, and MS Excel.

INNERJOY
Data Analysis Intern, Mar 2022 – May 2022

- Analyzed user data.
- Reported app's daily data such as # of downloads, cost, revenue and so on.
- Tracked app's advertisements on Facebook.
- Used Python, Amplitude and MS Excel.

BUCHAIN
Co-Founder & Social Media Manager, Mar 2021 – May 2022

- Founded BUchain with my friends.
- Managed social media accounts and emails.
- Took charge in organizing events.
- Tracked new members and their data.
